Mountain View Pedestrian Master Plan Needs Your Input

FOR IMMEDIATE RELEASE

October 21, 2009

Mountain View, California — The City of Mountain View is proud to offer a safe, comfortable and convenient environment for pedestrians. During the City's General Plan community visioning process, residents asked for improvements to make Mountain View even more walkable. In response, the City Council authorized developing a Pedestrian Master Plan (PMP) in June 2009.

The Pedestrian Master Plan will focus on making Mountain View a more walkable City, including guidelines to improve access to transit, connecting sidewalk network in employment areas such as the North Bayshore and improving the access to neighborhood retail areas. The plan will also develop City-wide pedestrian-friendly policies.

To ensure the Pedestrian Master Plan meets the needs of all residents, the City wants your input on improving walkability in Mountain View. To learn more about the process, please visit www.mountainview.gov/pedestrian or call the Public Works Department at (650) 903-6311. Pedestrian related comments are also being collected through the City's General Plan public outreach meetings at www.mountainview2030.com. **The deadline for comments is December 15, 2009.**

For Further Information — Should you have further questions or inquiries concerning the PMP, please Helen H. Kim, Project Manager, Public Works Department at (650) 903-6523 or by E-mail at: helen.kim@mountainview.gov. For additional media inquiries, please contact Kimberly S. Thomas, Assistant to the City Manager at (650) 903-6210 or by E-mail at: kimberly.thomas@mountainview.gov. Additional information about the City of Mountain View is available online at: www.mountainview.gov.
